Geotope 72: Garnitzen Gorge – Canyoning

Red arrow: target; green tracks: hiking trails; ©BEV: Federal Office for Calibration and Measurement, 2005.

Access:

The Geotrail starts at the parking in front of the Garnitzen Gorge south of the village of Möderndorf near Hermagor.

Description of the Geotope

Canyoning can not only be practiced in the adventurous lower part of the Garnitzen Gorge where limestones occur but also in the Vorderberg, Weißenbach and Mauthen Gorges and in the Stranig and Nölbling Creeks. Guided tours are offered by:

- Fit und Fun (Mag. Peter Unterluggauer, email: info@fitundfun-outdoor.com),
- WildWasser Kajak & Canyoning
